Okotoks, AB T1S 1Z6

Thank you for your help!

PETITION TO THE House of Commons in Parliament assembled.

We, the undersigned, citizens of Canada wish to bring to the attention of the House of Commons the following:

THAT there are over 8 million victims of child sexual abuse in Canada.

THAT in 2010, children and youth were five times more likely than adults to become victims of sexual abuse.

THAT in order to alleviate the strain that victims put on public systems, they require namely psychological healing.

THAT there is currently insufficient policy aimed at protecting victims of child sexual abuse and a lack of federal funding assigned for the specific use of aiding victims of child sexual abuse in their recovery and healing process.

THEREFORE, your petitioners call upon the House of Commons to:

- Make funding for victims of child sexual abuse a priority in the next fiscal budget;
- Ensure judicial accountability by introducing legislation that ensures convicted pedophiles serve a minimum imprisonment of 15 years and those convicted of knowingly aiding and abetting pedophiles serve a minimum of 5 years;
- Make the National Sex Offenders Registry accessible to the public; and
- In partnership with the provinces, examine innovative ways to provide easier access to funding for organizations that provide healing for sexual abuse victims.
